DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

The response to the Office letter mailed on July 30, 2003 is not fully responsive to the prior Office action because:

The computer readable form of the sequence listing is defective for the reasons stated on the enclosed Notice to Comply and marked-up copy of the Raw Sequence Listing. The paper copy is defective for the same reasons. Applicant must submit a substitute CRF and paper copy of the sequence listing, as well as a statement that the content of the paper copy and the CRF are the same.

Since the submission appears to be a bona fide attempt to provide a complete reply to the prior Office action, applicant is given a shortened statutory period of ONE MONTH or THIRTY DAYS from the mailing date of this letter, whichever is longer, to submit a complete reply. This shortened statutory period supersedes the time period set in the prior Office action. This time period may be extended pursuant to 37 CFR 1.136(a).
